New Hoosier Treaded Kart Tire

Lakeville, Ind. – Starting March 1, 2025 Hoosier Racing Tire will offer the new 12.0X9.0-6 D10AS treaded kart tire. While similar to the current D10A, this new tire has a softer sidewall construction.

Designed for open tire competition at tracks that are very small, bullring shaped, or contain tight corners, this tire has tested very well and can be used on both rear corners of the kart.

Please reach out to your Hoosier Racing Tire distributor for availability.
